MOTOR REHABILITATION AND LEARNING LAB EXPECTATIONS

TO FOSTER AND MAINTAIN A PRODUCTIVE AND OPEN ENVIRONMENT WITHIN OUR LABORATORY, WE AS A RESEARCH TEAM EXPECT ITS MEMBERS, INCLUDING ME, TO:

1. SET AND MANAGE SHORT- AND LONG-TERM GOALS. AS AN INDIVIDUAL, I MUST MAKE SURE I KNOW EXACTLY HOW I WILL MEET THOSE GOALS, WHEN I WILL MEET THOSE GOALS, AND HOW I WILL KNOW THAT THE GOAL HAS BEEN MET.
2. COMMUNICATE OFTEN AND CRITIQUE CONSTRUCTIVELY.
3. MAKE TIME IN THE LAB A PRIORITY. THIS REQUIRES MANAGING MY TIME. I WILL THEREFORE COMMUNICATE WITH DR. SCHAEFER ABOUT WHAT MY TIME COMMITMENT IS, AND ALERT HER IF AND WHEN IT HAS CHANGED.
4. GIVE MY COMPLETE AND HONEST EFFORT. WE ARE A TEAM.
5. STAY CURRENT WITH MY AREA OF INTEREST. I SHOULD ALWAYS BE READY TO TALK ABOUT MY RESEARCH OR MY INVOLVEMENT, AS WELL AS THAT OF MY LAB MEMBERS.
6. IMPROVE MY WRITING AND ORAL PRESENTING SKILLS. TO DO SO, I MUST RECOGNIZE THE VALUE OF FEEDBACK AND REVISIONS, AND BE COMFORTABLE WITH BOTH.

BY SIGNING BELOW, I ACKNOWLEDGE THAT I 1) HAVE READ AND UNDERSTOOD THESE EXPECTATIONS, AND 2) WILL UPHOLD THESE EXPECTATIONS OF MYSELF AND OF MY LAB COLLEAGUES.
